Thanks for explaining. As I'm getting up to speed I'm sure I will have questions. If so, I will reach back out and see if you're available for a quick meeting. Thanks!

Hi Loren,

Yes I cancelled the discussion for tomorrow. If you have any specific questions we can talk directly.

The reason I cancelled was that most of the discussion would be related to the PFAS in containers issue which has been discussed lately in a number of forums so I didn't think rehashing the content was worth it and there is nothing really novel to report out from the PFAS Council yet.

Hope this helps and let me know if you have any questions.

Thx

Jeff

Subject: PFAS call

Hi Jeff,

I am reaching out to introduce myself as I am taking over Sandra O'Neill's role covering PFAS coordination for OPS, so you'd know to look for my name. I saw the call was canceled tomorrow, but just wanted to verify that was the case. Will the next one be about a month from now?

Thanks!

Loren
